CIO Seminar Hosted by China VoIP & Digital Telecom Inc. Subsidiary Yinquan Technology Achieves Great Success

JINAN, Shandong, China, July 31 /Xinhua-PRNewswire-FirstCall/ -- Shandong Enterprises CIO Net Communications and Virtualization Technology Seminar, hosted by Jinan Yinquan Technology, a wholly-owned subsidiary of China VoIP & Digital Telecom Inc. (OTC Bulletin Board: CVDT), and the co-sponsor, ComputerWorld Magazine, took place successfully on Saturday, July 26, 2008.

The seminar had three main sections. First, Yinquan's General Manager Wang Qinghua introduced the newly developed IBCC (International Business Communication Center) platform to the audience. The audience of CIOs from different industries showed great interest in IBCC and provided valuable feedback and suggestions. Second, the CIO from Geely Group, Zhang Zhengzhu, shared with attendees details of its successful implementation of VoIP and its overall progress in developing an enterprise IT information system (Geely's entire VoIP system is provided by Jinan Yinquan Technology). Mr. Zhang analyzed the economic efficiency achieved by Geely after applying Yinquan's VoIP system. When talking about Yinquan's products and service, he stated, 'Yinquan's VoIP system is trustworthy!' In the last part of the seminar Qi Dawei, the Technical Director of Beijing PowerUnique Technologies Co., Ltd. (BPUT), a wholly-owned subsidiary of CVDT, introduced BPUT's virtualization technology and its application.

Mr. Li Kunwu, CEO and Chairman of CVDT commented that he believed the seminar fully showcased Yinquan's unique technology and the value it provides to a business. 'CVDT's subsidiaries will continue to work hard to exceed customers' expectations and bring more value-added products and services to the market.'
