

China VoIP & Digital Telecom Moved to a New Home

Tuesday June 10, 12:28 am ET

JINAN, China, June 10 /Xinhua-PRNewswire-FirstCall/ -- China VoIP & Digital Telecom Inc. (OTC Bulletin Board: [CVDT - News](#)) and its wholly owned subsidiary moved to a brand new home on June 5. The new location of the company is in the Yike Industrial Base. Yike Industrial Base, designed by German architects, is part of the Jinan Qilu Software Park. The new office building is equipped with advanced technology, and CVDT also made its own contribution to the Yike Industrial Base.

CVDT's VoIP platform and WiFi coverage will be installed in the Yike Industrial Base through cooperation with Jinan Tietong (our telecom partner). We have also been authorized by Jinan Tietong to serve as its agent and offer services to approximately 100 enterprises soon to be settled in the industrial base. Our solutions and services include Fiber Access, Machine Room Construction, Integrated Wiring, Network Service, Telephone Service, Call Center, Networking, and other Value-added Service. value-added service -- our WiFi coverage project -- will operate voice and video services through WiFi coverage and provide a complete wireless solution to enterprises in the Yike Industrial Base.
