

China VoIP & Digital Telecom Inc. Subsidiary Receives Two Governmental Awards and Funding for Its Projects

Monday March 10, 12:57 pm ET

Yinquan's General Manager Receives an Individual Governmental Award

JINAN, CHINA--(MARKET WIRE)--Mar 10, 2008 -- Jinan Yinquan Technology Co. Ltd ("Yinquan"), the wholly owned subsidiary of China VoIP & Digital Telecom Inc. (OTC BB:[CVDT.OB](#) - [News](#)), today announced that it received two governmental awards granted at the Qilu Software Park Annual Honor Conference 2007 held on March 6, 2008. The two awards are the 2007 Top Growth Enterprise Award and the 2007 Excellent Enterprise for Statistical Work of Qilu Software Park. In addition, the General Manager of the company, Mr. Wang Qinghua, was awarded the 2007 Special Contribution Individual Award of Enterprise Union for his outstanding achievements as the Deputy Director of Communications Technology Union of CIIC (China International ICT Innovation Cluster).

Yinquan received the most awards among the 500 enterprises in Qilu Software Park. These awards demonstrated that Yinquan's leadership position has been recognized by both the government and industry.

In addition to the awards, Yinquan has received government funding for two projects:

-- Integrative Communication System Based on WiFi network, funded by the Jinan Info Industry Special Fund

-- Special Fund for Talent Training, granted by China's Ministry of Commerce

About Qilu Software Park:

Qilu Software Park, the high-tech zone established in November 1995, was recognized as the first national "State Torch Program Software Industrial Base" in March 1997 by the Ministry of Science and Technology. In July 2001, it was recognized as the "national software industrial base" by the State Development Planning Commission and Ministry of Information Industry. Qilu Software Park is highly ranked in terms of production among the national software industrial bases, and it has been an important base for the software and communication industry in Shandong Province and Eastern China Area.
